Review progress made in enhancing learner inclusion and progress with a focus on enhancements to support learners with special requirements.	Review inclusive education processes across the school

ANNUAL PLAN 2024

For Advancing Student Achievement through School Performance and Resource Management

This plan sets out performance targets for each of the goals identified in the school's 3 year Strategic Plan. These goals are based on analysis of priority needs in our school. At the conclusion of the planning year results will be reported against each target. School Management is responsible for developing, implementing and monitoring programmes and procedures directed towards achieving the targets. The Board does not require that those programmes and procedures be stated in this plan, but expects to be kept informed of such actions as the year progresses. The Plan should meet the requirements of the "Education (School Planning and Reporting) Regulations 2023 "

<u>2024 Goals</u> <i>Taken directly from the 3-year Strategic Plan. Goals are statements which focus on a small number of selected areas for special attention. In turn, targets specify the particular aspects of those goals to receive attention in a given year</i>	<u>2024 Targets</u> <i>Targets are like objectives. They are statements of specific performance intentions which allow a judgement to be made about how successful those intentions turn out. Targets should be stated as "success criteria". Where appropriate targets will connect the interrelated aspects of student achievement, school performance and resource management stipulated by the Education Act.</i>	<u>Why/What</u> <i>A brief explanation as to why the target has been selected and what we are doing about it</i>	<u>Who</u>	<u>When.</u>
<p>Goal Title: Revise and refresh PB4L tier 1 practice across the school</p>	<p>School Performance Target. To review and audit our PB4L SW processes</p>	<p>Monitor systems and data to see if our supports are meeting the needs of staff and students. Engage with new MOE PB4L advisor to support and conduct our review</p>	<p>Management and PB4L teams</p>	<p>Termly reports</p>
<p>Goal Title: Curriculum Development mathematics</p>	<p>School Performance School wide mathematics delivery. For all teachers to implement and deliver with fidelity mathematics using the Numicon maths planning and resources</p>	<p>We have introduced a new school wide system for the delivery of mathematics. Teachers need to become familiar with teaching mathematics using this planning and the resource material available. Anna will monitor classroom planning and delivery of mathematics through regular observations and coaching, delivery of and or organising of PLD appropriate to each teacher. Anna is in the process of applying for MOE funded PLD to support us. Set up and delivery of tier 2 student identification and lessons utilising teacher aides. By the end of the year begin school wide assessment and reporting of achievement looking to report on achievement progress in 2025</p>	<p>Mathematics leader</p>	<p>Ongoing feedback to the Board</p>
<p>Goal Title: Inclusive Education To support all students to maximise their learning opportunities with a focus on delivery of learning for ORS and other neuro diverse/ trauma impacted students</p>	<p>School performance target Deliver and enhance the provision of education for students with special learning needs looking at building school and teacher capability.</p>	<p>This process will be regularly reviewed each term for sustainability and effectiveness. We will - Strengthening collaborative planning between teachers and learning support staff to meet the needs of diverse learners - Strengthening monitoring and evaluation of the quality of education provision and learning outcomes for diverse learners. - Supporting teachers' capability to meet the diverse needs of learners – with a particular focus on neurodiversity and trauma-informed practice. Linked to our ERO partner review plan</p>	<p>Principal SENCO's</p>	<p>Ongoing through the year</p>

The Pembroke School Board undertakes to take all reasonable steps (not inconsistent with any enactment, or the general law of New Zealand to ensure that
(a) the school is managed, organised, conducted, and administered for the purposes set out in this plan; and
(b) the school, and its students and community, achieve the aims and objectives set out in this plan.
